II. Course Description and Objectives

This course introduces the basic topics of management. It provides the students with an understanding of what the job of a manager involves. In addition to covering the basic theoretical concepts, the course also allows the students to have some hands-on practice as an effective manager.

Course Objectives

1. Cover the basic concepts of management
2. Identify the key competencies needed to be an effective manager
3. Provide the students with the capability to apply theoretical knowledge in simulated and real-life settings
4. Develop the students' ability to work in teams

III. Learning Outcomes

By the end of the course, students should be able to:

- ILO1.** Demonstrate critical thinking when presented with managerial problems and express their views
and opinions on managerial issues in an articulate way
- ILO2.** Understand the major internal features of a business system and the environment in which it operates
- ILO3.** Identify and explain the importance of the management process and identify some of the key skills required for the contemporary management practice
- ILO4.** Conduct topic and case analysis to apply theoretical concepts
- ILO5.** Prepare and present structured presentations and reports

IV. Alignment of Program and Course Outcomes

Program Learning Outcome	Course Learning Outcome
1. Acquisition and internalization of knowledge and skills in key functional areas	ILO1, ILO2, ILO3
2. Application and integration of business knowledge	ILO2, ILO3, ILO4
3. Inculcating professionalism and leadership	ILO1, ILO4
4. Developing global outlook	ILO2
5. Mastering communication skills	ILO4, ILO5

V. Teaching and Learning Activities
